

Project Status Overview, April 2012

Partnerships BC evaluates, structures and implements partnership solutions which serve the public interest. The company is committed to commercial viability, transparent operations and achieving wide recognition for its innovation, leadership and expertise in public procurement. The table below outlines Partnerships BC's projects and their status. For more information, please visit our website at www.partnershipsbc.ca.

In Procurement		
Project	Description	Status
	Wood Innovation and Design Centre The Wood Innovation and Design Centre (WIDC) will be a multi-storey wood building in Prince George that will showcase British Columbia's expertise and global reputation as a leader in wood construction and design, and engineered wood products. Client: Ministry of Jobs, Tourism and Innovation Partnerships BC's Role: Procurement Manager	• RFQ issued: April 13, 2012 • Expected completion: 2014
	John Hart Generating Station Replacement Project The proposed John Hart Generating Station Replacement Project, located in Campbell River, involves the replacement of the existing six-unit, 126 MW generating station. Project benefits will include improved seismic safety, protecting fisheries resources, along with increased power capacity and reliability. Client: BC Hydro Partnerships BC's role: Procurement Manager	• RFQ issued: March 13, 2012 • Expected completion: 2018
	SRO Renewal Initiative Meeting the goal of providing the homeless with access to stable housing with integrated support services is a key priority for BC Housing. The single room occupancy (SRO) Renewal Initiative project will renew and restore 13 SRO hotels located in Vancouver's Downtown Eastside, currently home to more than 900 residents. The project is expected to deliver numerous benefits and improvements for residents, including the quality of maintenance, services and programs delivered. The project also requires the preservation of SRO hotels with historical significance that form part of the City of Vancouver's and Parks Canada's National Historic Site registries. Client: BC Housing Partnerships BC's role: Procurement Manager	• RFP issued: February 15, 2012 • Expected completion: 2017

In Procurement

 	Evergreen Line Rapid Transit Project The Evergreen Line is a new, 11-kilometre-long rapid transit line that will connect Coquitlam to Vancouver via Port Moody and Burnaby. The Evergreen Line will be a fast, frequent and convenient, connecting Coquitlam City Centre through Port Moody to Lougheed Town Centre in approximately 15 minutes. Client: Ministry of Transportation and Infrastructure Partnerships BC's role: Procurement Manager	• RFP issued: November 2011 • Expected completion: 2016
	Interior Heart and Surgical Centre (IHSC) Project The IHSC Project will include a four-storey, 12,970-square-metre Interior Heart and Surgical Centre (IHSC), which will house the permanent cardiac program, and where the full suite of operating and inpatient support units will be located; a 7,850-square-metre Clinical Support Building (CSB) to house laboratory and support services; renovations to the existing Royal and Strathcona buildings for diagnostic cardiology, critical care inpatient units and further support services; and, fit-outs in the new Centennial Patient Care Tower to accommodate new inpatient units. Client: Interior Health Authority Partnerships BC's role: Procurement Manager	• Preferred proponent for IHSC announced April 11, 2012 • Agreement announced: CSB: December 2010 • Expected completion: CSB: 2012 • Expected completion: IHSC: 2016
	Smart Metering Program BC Hydro is replacing 1.8 million electromechanical customer meters with new, digital smart electricity meters that will enable two-way communication between the customer and the utility, giving customers more information about their consumption. A number of companies will be selected to provide the required program components, including: smart metering system; meter deployment services; meter data management system; and professional services Client: BC Hydro Partnerships BC's role: Procurement Advisor/Manager	• Distribution System Metering Devices: • Feeder Meters RFP released September 2011 • Transformer Meters RFP released October 2011

Under Construction

Project	Description	Status
	Surrey Pretrial Services Centre Expansion Project Construction of a maximum-security, state-of-the-art 180 - cell expansion to the existing Surrey Pretrial Services Centre, together with associated renovations to the existing facility. Client: Ministry of Public Safety and Solicitor General and the B.C. Corrections Branch; and the Ministry of Citizens' Services and Shared Services B.C. Partnerships BC's role: Procurement Manager	• Agreement announced: July 2011 • Expected completion: November 2013
	BC Cancer Agency Centre for the North The new centre is part of the overall Northern Cancer Control Strategy, a joint initiative undertaken by PHSA, BCCA and Northern Health. The new 5,000-square-metre Centre for the North will provide residents of northern B.C. with increased access to cancer treatment and diagnostic services closer to home. Client: Provincial Health Services Authority/BC Cancer Agency/ Northern Health Partnerships BC's role: Procurement Manager	• Agreement announced: December 2009 • Expected completion: September 2012
	Fort St. John Hospital and Residential Care Project (Northern Health) A 55-bed hospital linked to a 123-bed residential care facility, with an integrated services centre for centralized food and laundry services. The residential care facility will share services with the hospital to increase operational efficiency. Client: Northern Health Partnerships BC's role: Procurement Manager	• Agreement announced: July 2009 • Expected completion: May 2012
	Kelowna and Vernon Hospitals Project (Interior Health) Vernon Jubilee Hospital Polson Tower: Operational UBC-Okanagan Clinical Academic Campus and Parkade: Operational A new ambulatory care centre and redeveloped emergency department at Kelowna General Hospital (KGH) and a new diagnostic and treatment building at Vernon Jubilee Hospital (VJH).
