

GOVERNMENT'S LETTER OF EXPECTATIONS

BETWEEN

THE MINISTER OF FINANCE
(AS REPRESENTATIVE OF THE GOVERNMENT OF BRITISH COLUMBIA)

AND

THE CHAIR OF PARTNERSHIPS BRITISH COLUMBIA
(AS REPRESENTATIVE OF THE CORPORATION)

FOR 2012/13

PURPOSE

This Letter of Expectations (the Letter) provides Government's annual direction to the Crown corporation and is an agreement on the parties' respective accountabilities, roles, and responsibilities. The Letter confirms the Corporation's mandate and priority actions, articulates the key performance expectations as documented in the Shareholder's Expectations Manual for British Columbia Crown Agencies¹, and forms the basis for the development of the Corporation's Service Plan and Annual Service Plan Report. The Letter does not create any legal or binding obligations on the parties and is intended to promote a co-operative working relationship.

¹ The Province of British Columbia's Crown Agency Accountability System (<http://www.gov.bc.ca/caro/publications/index.html>) establishes guiding principles for the governance of Crown corporations. The Shareholder's Expectations Manual identifies roles and responsibilities for the Government and Crown corporations, and provides for a Shareholder's Letter of Expectations (Letter) to be jointly developed.

CORPORATION ACCOUNTABILITIES

Government has provided the following mandate direction to Partnerships British Columbia (PBC):

- Plan and structure partnership delivery solutions for public infrastructure projects which are expected to achieve value for money;
- Successfully implement partnership delivery solutions for public infrastructure through leadership in procurement, practices and market development; and
- Maintain a self-sustaining organization and provide added value to an increasingly diverse client base.

SPECIFIC CORPORATION ACCOUNTABILITIES

To achieve this mandate, the Corporation is directed to take the following specific actions:

- Work with the Ministry of Finance to identify the policy parameters and performance/risk management strategies to guide PBC's efforts to expand its business development activities beyond the provincial government and PPP capital projects;
- Continue to work with the Ministry of Finance to ensure that the P3 affordability best practices and project finance strategies are aligned with the principles of the provincial Capital Asset Management Framework (CAMF) and provide ongoing advice to the Ministry of Finance on other areas of capital asset management;
- Continue to engage early and work closely with line ministries/agencies, TBS and other relevant central agencies to ensure that the key service issues, costs, benefits, and risks related to the PPP projects are clearly identified and updated in a timely manner throughout the project review and approval process. To provide opportunities for further collaboration on PPP projects and support timely engagement, PBC and client ministries should provide regular updates to TBS and other central agencies on specific emerging and current PPP projects. PBC should also facilitate ongoing dialogue with TBS and other central agencies on the PPP policy model and market.
- Continue to improve transparency for the PPP methodology and projects by expanding strategies to further educate key stakeholders about its quantitative methodology and the benefits of partnership procurement models for major capital projects. Specific strategies to be undertaken by PBC may include expanding public education about PPP projects and reviewing opportunities to simplify and streamline Project Reports produced for the public.

GENERAL CORPORATION ACCOUNTABILITIES

Over the past decades, British Columbians have come to expect high quality products and services delivered by their Crown corporations. The Province is well served by our Crown corporations and it is up to the Boards and Senior Management teams of these organizations to manage in the best interests of the Province and our citizens.

As a Crown corporation, it is critical that the operations of the entity be done as efficiently as possible, in order to ensure families are provided with services at the lowest cost possible. In addition, it is expected that Crown corporations, to the greatest extent possible, participate in the Government's open data and public engagement opportunities.

British Columbians rightly expect openness and transparency from both their Government and Crown corporations and it is incumbent upon both parties to be as open and transparent as possible with citizens.

Government sets broad policy direction to ensure the Corporation's operation and performance is consistent with government's strategic priorities and Fiscal Plan, and as such, the Corporation will:

- Ensure that the Corporation's priorities reflect Government's goals of putting families first; creating jobs and building a strong economy; and open government and public engagement;
- Prior to commencing collective bargaining or initiating changes to non-union compensation on or after January 1, 2012, coordinate with Government to develop detailed plans for funding proposed compensation changes or other incentives under the Province's Cooperative Gains Mandate. Plans must be based on real savings and must not include proposals for:
 - increased funding from Government,
 - reductions in service, or
 - transferring the costs of existing services to the public,
 - but may include revenue generation opportunities.

Plans must be reviewed and approved by Government before any proposed changes to union or non-union compensation are made. Any changes to an approved plan also require approval by Government.

Commencing the effective date of any changes to the collective agreement and/or non-union compensation plans, the Corporation must report annually to Government on the implementation of a plan, including information on progress in meeting savings targets;

- Government is undertaking reviews of all Crown corporations. The Corporation is expected to participate in the review as requested, and to implement the results of the review;
- At this time of fiscal constraint, government has initiated a review of incentive pay and will be communicating with Boards in early 2012;
- Conduct its affairs with the principles of integrity, efficiency, effectiveness, and customer service;

- Display annual *Financial Information Act* – Statement of Financial Information and Executive Compensation Disclosure Schedules, a Remuneration for Appointees to Crown Agency Boards Schedule and Corporate Governance Disclosure in an easily accessible website location;
- Inform Government immediately if the Corporation is unable to meet the performance and financial targets identified in its Service Plan;
- Comply with Government's requirements to be carbon neutral under the *Greenhouse Gas Reduction Targets Act*, including: accurately defining, measuring, reporting on and verifying the greenhouse gas emissions from the Corporation's operations; implementing aggressive measures to reduce those emissions and reporting on these reduction measures and reduction plans; and offsetting any remaining emissions through investments in the Pacific Carbon Trust, which will invest in greenhouse gas reduction projects outside of the Corporation's scope of operations;
- Ensure Government is advised in advance of the release of any information requests by the Corporation under the *Freedom of Information and Protection of Privacy Act*;
- Ensure any debit/credit card payment services provided to the public are in compliance with the international Payment Card Industry Data Security Standards;
- For Corporations subject to the *Public Sector Employers Act*, ensure the Corporation's membership in the Crown Corporation Employers' Association is in good standing;
- Annually assess the Board appointment process to ensure that succession results in a balance of renewal and continuity of Board membership, and provide the results of this assessment to the Shareholder for consideration;
- Ensure that Board appointments to Crown corporation subsidiaries comply with Board Resourcing and Development Office's Best Practice Guidelines and are approved by Cabinet; and,
- Comply with Government's requirement that lobbyists not be engaged to act on behalf of the Corporation in its dealings with government.

AREAS OF SHARED ACCOUNTABILITY REPORTING

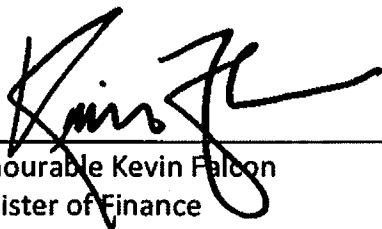

Government and the Corporation are committed to transparency and accountability to the public and have reporting and disclosure requirements in the *Budget Transparency and Accountability Act*, the *Financial Administration Act*, and/or the *Financial Information Act*. Government provides an Information Requirements and Events Calendar (<http://www.gov.bc.ca/caro/publications/index.html>) to the ministries responsible and the Corporations that set out the dates the Crown corporations must submit their financial information, service plans, annual service plan reports, and other information to government in order to meet the statutory reporting dates and other government requirements.

The parties agree that each will advise the other in a timely manner of any issues that may materially affect the business of the Corporation and/or the interests of Government, including information on any risks to achieving financial forecasts and performance targets.

The Corporation will post the most recent signed copy of the Government's Letter of Expectations on its website and the Crown Agencies Resource Office will post a signed copy of the Letter on its website.
