PROPONENT TEAM PROFILES

Four teams responded to the Request for Qualifications that closed on June 7, 2007. Due to the significant time and effort required from each of the teams, three were selected that successfully qualified for the opportunity to compete in the Request for Proposals stage to design, build, finance and maintain the new patient care centre at Royal Jubilee Hospital in Victoria. Each of the following teams consists of organizations that have extensive experience with similar health care public private partnership projects both nationally and internationally. The teams have a variety of members who represent local (B.C.-based), national and international companies.
