

PART 1 OF SCHEDULE 4

EXISTING HIGHWAY

The Existing Highway will consist of that portion of Highway 97 shown on the drawing attached hereto and identified as Part 1 of Schedule 4 from the approximate midpoint of the curve between Campbell Road intersection and the existing maintenance building to east of Abbott Street intersection, i.e., Station 26+60.00 to Station 45+77.00 in accordance with the specific design roadway stationing referenced on Drawing No. 1458-163. Includes the Existing Bridge, the east approach from the Existing Bridge to east of Abbott Street and the west approach 483.2 metres west of the Existing Bridge west abutment.
